System Overview

CP PLUS has introduced a wide range of Video Door-Phones (also known as video door entry or video intercom) which are stand-alone intercom systems that you can use to manage calls made at the entrance to a building (residential complex, detached family home, workplace, etc.) with access controlled by audio visual communication between the inside and outside.

Functions

7" TFT LCD Display

To provide you with a better and complete view of the entrance to your home while talking to the visitor, this product involves a wide 7" TFT LCD Screen. TFT makes a monitor screen brighter and faster than the LCD .

7" Color Video Door Phone Kit

Functions

High-resolution outdoor unit for clearer identification

The product has been integrated with a high-resolution lens that produces clear and vivid details to you for better and accurate identification of the visitors.

Weather-proof outdoor unit

This product has been crafted particularly to defeat the turmoils of not just weather but also thieves and robbers as it resists all vandalism effectively and doesn't get damaged under rough circumstance.

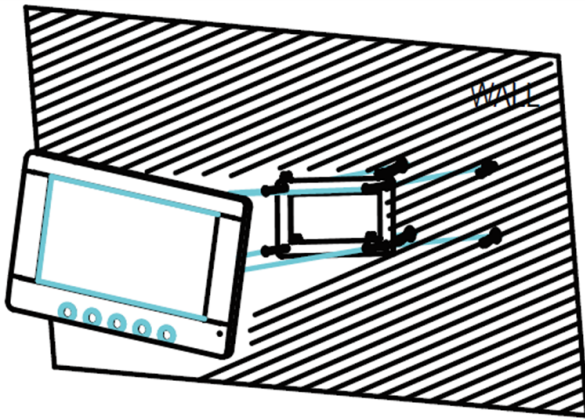

Hands-free operation

The latest intelligent invention in the field of video door phones is that of the hands-free feature because of which you no longer have to keep the button pushed to talk to a visitor on the phone.

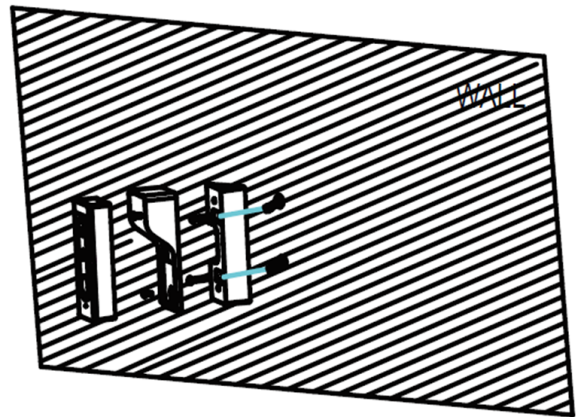

Built-In IR for Night Vision

The built-in IR technology in this product radiates infrared light to hinder the dark of night from disabling your vision. It keeps the area properly illuminated for you to see even at night-time.

About CP PLUS

The brand that is on its way to lead the world when it comes to the security and surveillance industry, CP PLUS, keeps bombarding the market with the most reliable range of products that have been designed carefully and methodically to automate the whole surveillance and security process, no matter how big your premises are.

It was the initiative to help the public in the area where they are the most vulnerable and to empower the sense of safety in our hearts that had conceptualized CP PLUS. And embarking on its mission to make the world a safer and more secure place has taken the brand's journey to unprecedented levels even when compared to international competitors.
